The Vulcan Lions Club will sponsor a juvenile hockey team this winter, it was decided at the regular meeting held Monday evening.

An attempt has been made to form a league of Lions-sponsored juvenile teams in the Barons, Carmangay, Champion, Vulcan area, but uncertain ice conditions at the three smaller towns make such a move impractical. As an alternative, it is hoped that a juvenile league of teams from Nanton, High River, Blackie and Vulcan may be formed, and Harold Fox and Pat Walker were named as a delegation to further this matter. Sweaters have been purchased and the juvenile team will be known as the Vulcan Lions. Players will be registered and the team will be eligible for the provincial playdowns.

D. H. Galbraith To Speak At Senior Citizens Night

D. H. Galbraith of Calgary, a former Vulcan resident for many years, will be the guest speaker at the Senior Citizens' Turkey Supper to be held Friday evening, Nov. 20 at 6:30 p.m.

A varied program will be presented following the supper.

This is the first major undertaking of the Lionettes Club and, if successful, will probably become an annual event.

Town residents are reminded that if transportation is desired to and from the IOOF hall, to phone Ruth Northcott at 265.

SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

The Autumn survey of the 1953 agricultural production in the province of Alberta is of interest.

While the summary is quite lengthy a few of the figures may be of interest through this column. While everyone is aware that the last three crops have been above average, it is interesting to note

that the average yield of wheat from 1908-1953 was 18.2 bushels per acre, and the Sept. estimate for this year's average is 24.1, oats were 30.4 and this year has been placed at 46.7, barley 20.6 with this year's estimate being placed at 30, flax seed long time average 5.6, this year being placed at 12.8.

Hay is plentiful in the province, but the quality is poor owing to weathering, although we hardly think this applies to this County.

In regard to grass seeds, preliminary estimates show a record crop of Fescue 5,400,000 lbs. comparing to 2,121,000 lbs. last year. Brome seed production was estimated at 6,875,000 lbs. compared to 7,000,000 last year. The yields of Legume seeds are not yet available.

The estimated production of eggs to the end of August in Alberta was slightly below production in 1952, 25,252,000 dozen compared to 25,899,000. Price to producers in 1953, 36.4 cents compared to 28.4 cents in 1952, this hardly seems consistent with cost to consumers for the two years in question.

Number of turkeys on farms at June 1 is down, 530,000 compared to 640,000 the year previous. At the same time the numbers of ducks and geese decreased from 175,000 to 169,000.

The average Canadian eats 35 candy bars each year.

Well Attended Meeting

Seed Cleaning Plant For This Area Is Discussed

The matter of establishing a seed-cleaning plant in the Vulcan area was discussed at a well-attended meeting of district farmers and other interested persons, held in the Legion hall Tuesday evening, Nov. 17. The meeting was sponsored by the Vulcan District Board of Trade and W. H. Richardson, president, acted as chairman.

Fred Parkinson of the Department of Agriculture, Edmonton, was the main speaker, with Hugh Michael of Claresholm, district agriculturist, and H. S. Burns, agricultural supervisor for the County of Vulcan, also in attendance.

One reason for establishing a seed-cleaning plant here was to make available to farmers of the County area a service whereby they could get grain cleaned, to registered seed standard, it was explained.

It was estimated that the cost of constructing and equipping a plant of the type needed here would be about \$42,000. If the farmers of this area feel that they need and want such a seed-cleaning plant, the first step would be to secure the co-operation of the County and have the County Council make a grant towards the cost of the plant. The provincial government will match the County's grant, dollar for dollar, up to the amount of \$13,000. The balance of the cost of the plant would be raised by selling of shares to the farmers or other interested persons. For this purpose, the seed cleaning plant would be set up as a co-operative company.

Seed-cleaning plants now operating in other parts of the province generally break even the first year of operation and thereafter show a profit. Mr. Parkinson said. Charges now being made for cleaning of grain at such plants are 6 cents a bushel for cleaning to commercial standard and 10 cents a bushel for cleaning to registered seed standard.

Staff required would be a manager, plus one man for each shift worked. Such plants normally operate the year round, possibly closing down for a month in the summer to allow time for vacations and for repair and overhaul of equipment.

The meeting in general favored looking into the possibilities of establishing a seed-cleaning plant for the County of Vulcan area and E. G. McPherson, Earl Erickson, Howard Burrell, Pat Roe and Hugh Baden were named as a committee to approach the County Council and to get the feeling of district farmers regarding such a project.

Vulcan Girl Chosen For Swim Group

Word has been received here of a Vulcan girl, Marlene Lloyd, having the honor of being chosen one of 30, from 1100 entries, who tried out for the Aquamids, a swimming group, recently formed for this term from the freshman class of the University of Missoula.

Candidates chosen were from most states in the Union, with one only each from Denmark, Sweden, and Canada, with Marlene selected to represent her country.

Two-hour special classes will be held once a week, with the Aquamids putting on a six-day water show in the first of the spring quarter.

Marlene, who qualified as an instructor at the Red Cross classes held at the local pool, was complimented on her swimming abilities in the try-outs.

First Snowfall On Monday

The first real snowfall of the winter was experienced Monday afternoon and night of this week, with about two inches of wet snow covering the ground Tuesday morning.

Tuesday night, skies cleared and the mercury sank to a reported four above and the weather remained clear and cool on Wednesday.

Streets are icy and many sloughs and ponds are now frozen over.

Transfer to Calgary For Bank Manager Pat Thomson

P. A. (Pat) Thomson, manager of the Vulcan Branch of the Canadian Bank of Commerce, has been promoted to the position of Assistant Inspector and, with Mrs. Thomson and their two small children, will move to Calgary the end of this month.

Mr. Thomson entered the service of the Bank of Commerce in 1924 and served at branches in Saskatoon, Alberta and at Yellowknife, N.W.T. He enlisted in the Army in 1941 and was commissioned while overseas, serving with the Pay Corps in England and on the continent with the rank of captain. Following his discharge in 1946 he served as accountant at the Medicine Hat branch of the bank and as manager at Warner before being transferred to Vulcan in March, 1950.

During his residence here he has taken a very active part in community affairs, particularly with the Lions Club and also with the Canadian Legion, the Reserve Army and the Red Cross Society, successfully managing fund-raising campaigns for the latter organization.

Mrs. Thomson has been active with the Ladies Guild of the Anglican Church.

Both Mr. and Mrs. Thomson will be greatly missed in the community. The new manager of the Vulcan Branch of the Commerce will be Douglas Paris, now manager at Mundare.

C.W.L. Meets

On Nov. 12, the Catholic Women's League met at the home of Mrs. Frank Shaw, with Mrs. Jean Anderson presiding.

There was a short discussion concerning the Nanton CWL meeting attended by several of the members but it was undecided as to whether a "Dandelion Club" will be organized in the parish.

Committee conveners were appointed consisting of Mrs. Nora Bakken, Mrs. Kay Peard and Mrs. Luke Ohlbeiser, to make necessary arrangements for the tea to be held in the Legion hall on Nov. 21.

A \$15 food hamper will be raffled to raise funds for a Kiddies Christmas Party. These tickets will be on sale at Simon's Food Market.

A farewell party will be held in honor of Mr. and Mrs. John O'Connell on Dec. 6, in the parish hall.

Mrs. Margaret Shaw was the winner of the tea draw.

The Christmas meeting will be held at the home of Mrs. Nora Bakken on Dec. 10.

A delicious lunch served by Mrs. Dorothy Shaw was enjoyed by all and brought the evening to a close.

Subscription Price: Just Your Reader Attention and Interest

IN A FEW SHORT WEEKS our new 1954 Meteor,
Mercury and Lincoln cars will be available to the pub-

Our own information on them is sketchy at the mom-
ent, but they have been described to us as being more
beautiful than ever, with more power and zip added in
each case, right through the line. Dependable as al-
ways, our product will, this year, we feel certain, find
even greater acclaim with the public than ever.

Your Vulcan branch of the Meteor-Mercury-Lincoln
Division had a mighty good year here this year and
we intend that 1954 shall be better. This calls, on our
part, for volume selling. It means more new units to

Believe it
or not...

this could be you!

The man whose picture belongs here is not necessarily a celebrity or a leading citizen. Indeed, he might be any one of millions of Canadians.

How did so many people benefit their communities so greatly? Simply by insuring their lives! In this way, they set in motion a series of events which have far-reaching effects on themselves and their fellow-citizens.

Take for instance the new highways, schools, bridges, power plants, homes, hotels, hospitals and other important works now being built from coast to coast. Many of these projects have been financed with money which life insurance companies have invested for their policyholders.

Or look at the workers streaming out from some new industrial plant.

They may owe their jobs to life insurance policyholders who provide the money needed for investment in that plant's expansion.

Good health, too, is promoted by life insurance policyholders. Several important medical research projects, supported by life insurance company funds, are waging war against polio, heart ailments, cancer and other dread diseases.

But perhaps the life insurance owner's most important service is not any of these things. It is the way he provides for his family so that they will not be a financial burden to his relatives or the community.

So, if you own life insurance, be proud that in all these ways you're helping to make Canada a better land to live in!

A trained life underwriter, representing one of the more than 50 Canadian, British and United States life insurance companies in Canada, will gladly help you plan for your family's security and your own needs in later years. Rely on him!

You're "sitting pretty" behind the wheel

Take this Bel Air model. Rich-looking upholstery and appointments—roomy, comfortable seats with foam rubber cushions. Just turn the ignition key to start the engine and you're ready to go.

You get more power on less gas

Here's all the power and performance you could ever ask for. In Powerglide* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gearshift models offer you the new 108-h.p. "Thrifty-King" engine.

You can see all around

You see all the road ahead and see it close in. For you look out and down through a wide, curved, one-piece windshield that sweeps back to narrow corner posts. The panoramic rear window and big windows provide a clear view in all directions.

And it's the lowest-priced line

Chevrolet offers you about everything you could want. So what's the point in paying more? You can be ahead in every way with a new Chevrolet!

Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on Two-Ten and Bel Air models at extra cost.

I figured on paying about \$200 more for a new car... until a *Discovery Drive* showed me all that Chevrolet offers

I was ahead in every way after this demonstration!

A Smoother and a Safer Ride

Chevrolet has ample weight to give a good, road-hugging ride. It's weight that comes from Chevrolet's extra strength, weight that means extra protection and safety because it's been utilized in strengthening body and frame.

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. Now you're automatically in "low" range for standing starts and for quick passing in city traffic. Then, automatically again, you slip smoothly into "cruising" range as you pick up speed.

Even Power Steering, if you want it

Just like the highest-priced cars, Chevrolet offers you the amazing convenience of Power Steering on all models. You ought to try Power Steering to see how easy driving can be. It's optional, of course, at extra cost.

**The Fox and The Grapes**

A HUNGRY FOX saw some fine bunches of Grapes hanging from a vine that was trained along a high trellis, and did his best to reach them by jumping as high as he could into the air. But it was all in vain, for they were just out of reach: so he gave up trying, and walked away with an air of dignity and unconcern, remarking, "I thought those Grapes were ripe, but I see now they are quite sour."

A pretty decorated basket, full of gifts was carried in by Marj Moore and Barbara McFarland. Presentation of the gifts was made by Barbara McFarland. Seated at the bride's table to assist in opening the gifts were the bride's mother, Mrs. Frank Hauser, Mrs. John Hauser and Miss Jean Hauser.

QUESTION: Can cancer become too advanced for surgical operation?

ANSWER: Yes. While surgery can almost always be done in advanced cancer, in such cases it is done to make the patient more comfortable and not to bring about a cure.

LOMOND

The regular monthly meeting of the Lomond Home and School Association was held in the school auditorium on Wednesday evening, Nov. 11. There were 30 people in attendance, a few of whom were visitors. A letter was received from Taber saying they would supply the material to repair the equipment for the playground but the parents must do the work. The date has not been set as yet but will be as soon as the necessary equipment arrives. It was decided that the Home and School also try to get a new trustee to act in behalf of the Lomond school as we have not had one since Mr. Skeith resigned last fall. A new classroom is to be built in the Auditorium for grades 1 and 2. Teacher will be Mrs. Evenson. This will lighten the load considerably for Mrs. Sower-

by who has had the first four grades the past two years. The Xmas tree concert and dance were discussed. It was decided not to have a dance and a committee was appointed to look after the buying and filling of candy bags for the concert. As the Taber School Division seems to have decided they do not want Xmas concerts, the concert will be very short this year. Also since the Home and School do not want outsiders to attend the concert they decided that by not having a dance and by raising the price of admission to 50 cents each that most of their worries will be over. Following the business part of the meeting, three members of the local CGIT presented a play, "Scattered Showers". A delicious lunch was then served by the Social Committee bringing the evening to a close.

Tom Mullen of Bassano is a visitor in Lomond where he is renewing old acquaintances around the district.

Friends will be pleased to learn that Alec Fraser has been able to return home for a week or so. Mr. Fraser has been a patient in a Calgary hospital for the past week and will have to return for further treatment.

Mr. and Mrs. Fred Walker and son Ronald accompanied by Charlie Jenkins spent several days last week Xmas shopping at Great Falls, Montana.

Mr. and Mrs. H. Koch were weekend visitors in Calgary.

Mr. and Mrs. Virgil Stout of Champion were recent visitors in Lomond, guests at the home of Mr. Stout's sister and brother-in-law, Mr. and Mrs. Harry Hammer.

Mr. and Mrs. Bill Schmidt and young son of Edmonton were recent weekend guests at the home of Mrs. Schmidt's parents, Mr. and Mrs. Axel Neilson.

Members of the local CGIT motored to Enchant on Monday evening, Nov. 16 when they presented two short plays for the benefit of the Enchant Home and School.

A general meeting about the Calgary Power was held in the Lomond Community Hall on Tuesday at 2 p.m. Reports from the meeting say that if everything goes along as planned we will have Calgary power here by the end of next August.

A general meeting of the Lomond Curling Club was held in the Lomond Community Hall on Tuesday evening, Nov. 10. New officers elected for the year are as follows: President, Tim Ost; vice-president, Stan Henrikson; Secretary, Al Clifford; Treasurer, Henry Dougan; Directors, Al West, Frank Toltsdorf, Floyd Howg.

Miss Gail Skeith and Miss Marlene Root of Vauxhall attended the Carnival dance held in Lomond recently.

Congratulations are extended to Mr. and Mrs. Henry Crawford on the arrival of a new daughter at their house. Name: Nancy Lorraine.

Mrs. John Bahler Jr. of Langenberg Sask. recently spent 10 days at the home of her daughter and son-in-law, Mr. and Mrs. Verne Volesky.

The Home and School Association realized \$104 after the bills were paid at the lunch served on Thursday and Friday nights at the Annual Carnival.

Chris Holo left on Sunday for Los Angeles where he will spend the winter months.

A Sadie Hawkins party was held on Friday the 13th by the Lomond CGIT and Explorer group under the direction of their leaders Mrs. K. Coutts, Miss L. Armstrong and Miss F. Zentner. A Sadie Hawkins race for the eligible bachelors was held, down Main street. Marrying Sam, in the presence of Harrison Caulfield Sr., did the honors for the bachelors caught by the fleet local Dogpatch gals. The uncaught bachelors were drawn for partners of the not so fleet gals. Vegetable bouquets were presented to all gentlemen present. Games and action stories were enjoyed. Then a singing was held under the direction of President Lois Chase and Secretary Kathleen McAlister. A

lunch was served with the assistance of the Girls Work Committee, Mrs. R. Skeith, Mrs. S. Craig, Mrs. J. West. Prizes for costumes were awarded Joyce Caulfield as Daisy Mae, Shirley Benson as Wolf Girl, Kathleen McAlister as Moonbeam McSwine, Donald Crawford as Lonesome Polecat, Marvin Huff as Lil' Abner, Ramon Cortez as Hairless Joe. The group Mother, Mrs. Skeith was appropriately dressed as Mammy Yokum. Dogpatch was really jumpin'. The group wish to thank the IOOF for the use of their hall.
